

You Never Can Tame a Wild-Cat

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel.

Calomel salivation. It's meiosis! Calomel acts like dynamite on a ship's liver. When calomel comes into contact with some life it causes it to cause constipation and nausea.

If you feel illious, headache, constipated and or knowed off just go to your druggist and get a bottle of Dodson's Tonic. This is from India, which is a harmonious vegetable extract for dangerous constipation. This is a poultice and if it doesn't start your bowels and strengthen your stomach and quicken their waste, colic and without making you sick, you just go back to your doctor.

If you take calomel today you'll be sick and recuperate tomorrow; besides it may salivate you while you take Dodson's Tonic, you will walk up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it—sake.

HART COMMITTEE REPORT ACCEPTED

(Continued From Page 1.) pieces of the work would be raised or lowered by men technically trained in the breaking of a natural gas supply to the city.

The probability of uncovering a gas supply in the Elyea well is set forth in a letter from C. G. Hamill, who was in charge of the work of drilling the well. In his letter to Mr. Clegg of the City of Corpus Christi, Hamill, under date of Jan. 17, which was sent to the Commercial Union insurance director by Mr. Hart yesterday, follows:

Mr. Ed Cobage, Corpus Christi, Texas, Dear Sirs: Your letter of January 14, received. In regard to your inquiry, I am sorry to say we have found no appreciable quantities of gas around Corpus Christi to furnish your city and if you will go after it right and your wells be finished properly you should be successful in your undertaking.

The Elyea well, which was drilled in the general area, was only drilled to a depth of 2,700 feet. My judgment is that there was not enough gas in that hole to be of any value; however, the formation was better the farther down we went and I think it would be good business for your city if the proper arrangements could be made to carry out the drilling down 2,300 feet or deeper if a gas is not found sooner. This hole was left in good shape and could be worked over with much less cost than a new hole could be made for.

Very since this a hole property seen after it was encountered with a big volume and high pressure, can be controlled without any damage to the surrounding country.

Any information that I am able to furnish that will be of value to you and your associates will be gladly given. We will be glad to discuss our work with you when you might want to do.

Thanking you for your past favors, I am yours truly,

G. C. HAMILT.

CORPUS CHRISTI AS LEAVE AREA

(Continued from Page 1.) to see Corpus Christi be retained as the official rest area.

Pictures of interesting points in and about Corpus Christi, and especially the beach, will be published in the newspaper together with other papers for the convenience of the 500,000 pleasure and health resort.

Money to pay for the advertising will be apportioned from the Commercial association treasury.

In addition to being of value in retaining Corpus Christi as the Legion leave area, the politeness

of the people and the general interest in general.

The Texas Legislature has a resolution covering the entire state and some outside units. It is read by from 75,000 to 100,000 persons each month. It is essential.

Besides, of a state Legion leave area was suggested by Mr. Westervelt at the annual state convention of the Legion at Bryan, Texas, and was passed unanimously. Corpus Christi being designated as the site.

The state executive committee will meet in San Antonio Sunday and Monday and is predicted San Antonio and Galveston will attempt to win the major share of the Legion Corpus Christi. To forestall this the advertising has been arranged for and other action will be taken.

Negotiations are being carried on to procure the old Spanish sanitarium and its situation for the leave area and is considered probable that they will be unsuccessful. If this situation is not procured however other land at No. 5 beach will be available.

The plans for the leave area include the erection of a large number of cottages or tents and it is predicted hundred of families will make use of them and families will make use of the camp during the summer. The same would be permanent and would insure a yearly addition to the city's population.

OKLAHOMA GOVERNOR CUTS BUDGET IN HALF

By The Associated Press OKLAHOMA CITY, Okla., Jan. 17.—Stating that he does not anticipate an increase in expenses for commodities and labor for the next two years as far as possible, Governor J. B. A. Beckman today is recommending a budget for the state for the next two years before the Oklahoma legislature, set the total at \$17,500,000. The amount asked was approximately \$5,200,000.

WELL DRESSED MEN GET APARTMENT HOUSE PAYROLL

By The Associated Press NEW YORK, Jan. 17.—Two well-dressed bandits entered a fashionable apartment house in Park avenue near 57th street today, beat the manager over the head with a revolver butt and escaped with \$6,450, representing the weekly pay roll of the building's employees.

Wilson Buys Home

This is where Woodrow Wilson, private citizen, plans to live after March 4. The president has closed negotiations for the purchase of this residence at 2240 South street, N. W., Washington, D. C., for about \$150,000. The grounds in the rear and alongside the house cover nearly half a block. The residence was built six years ago by Henry P. Fairbanks and has 18 rooms.

REGULAR ARMY TO BE 175,000 MEN

(Continued From Page One) aggression. Senator Phelan urged stronger cartooning of Pacific ports and Senator Williams declared that Japan had "neither power nor desire to occupy our soil" when asked what may be done in California regarding the Japanese question.

Referring to a suggestion by Senator Phelan that disposition of the Island of Yap is the cable communications was delicate problem remaining for adjustment, Senator Williams declared that it was not a question which would involve America in war.

"Three-fourths of the senators don't know where Yap is," said Senator Williams. "We're going to ask for a big army and you assume the Japanese are so anxious an army of 150,000."

California's unexpected resolution in the house provided considerable debate, in which republicans charged Secretary Baker had violated the will of congress by running the total army strength above the figure for which appropriations had been made.

Secretary Baker had violated the will of congress by running the total army strength above the figure for which appropriations had been made.

There was little opposition to the resolution, however, when put to a vote.

Chairman Kahn told the house that while the army reorganization bill provided for 280,000 as a maximum, the appropriation measure provided for only 175,000 for the current fiscal year. Heavy enlistments, he added, meant a cut of 40,000.

Democrats generally favored the reorganization. Representative Garret, democrat of Tennessee, stated that he could not permit criticism of the secretary of war to go unanswered.

"Representatives of congress have reached a conclusion they are willing to accept," wrote Mr. Garret, "and they voted against a motion to commit the army bill for the express purpose of cutting the fighting total to 182,000." There was no wonder Mr. Baker considered the language mandatory when he saw that the house had voted to cut the fighting total to 182,000.

The house debate also brought a sharp verbal clash between Chairman Kahn and Representative Hayden, democrat, which arose when the latter wanted to know if the chairman had abandoned his plan for the chairman had abandoned his plan for military training.

I deny that I have changed my mind on military training, but I am trying

to find a committee of war to be must comply with the laws of congress.

I am not trying to press my views as to military training at this time. But I realize that this country may be attacked at any time and I know that if anybody does attack us we can't afford to have had no one give us the arms needed for protection.

Representative Mondell of Wyoming, the republican leader, declared that when the house passed the military appropriation bill providing for 113,000 the secretary of war understood it will add intent.

"I understand following it," said Mr. Mondell, "the secretary of war in a spirit of peace and willingness defied the will of congress and recruited to 225,000." Democrats, now squirming ought to be thankful that this is not a resolution of senate. In all history there has not been an example like the secretary of war for contempt and violation of the people's will as expressed by congress."

VETERAN OF TWO WARS VISITS CITY

coming to attend the inauguration is

expected to arrive early tomorrow

morning. Ceremonies will

start at 12 o'clock and following the

ceremonies in the capital various

entertainments have been planned to take

the time of the new governor and the

visiting officials, concluding with the

reception in the senate chamber at 5

o'clock tomorrow night.

BODY OF GRAND DUCHESS O NITS WAY TO EGYPT

By The Associated Press

LONDON, Jan. 17.—Bodies supposed

to be those of the Grand Duchess Olga,

daughter of former Emperor Nicholas II of Russia, and her maid, are aboard the British steamer "Oriana," which

is due to reach Egypt at the end of the

present week. Disinterred at Yalta,

Crimea, the bodies were sent to London

for a funeral service.

The "Oriana" will be disembarked

and taken to the Italian Land.

PHILADELPHIA TAXICAB BOMB KILLS TWO MEN

Inspectors Employed During Strike Blown Up When Examining Car

By The Associated Press

PHILADELPHIA, Jan. 17.—Two men were killed here tonight when a bomb exploded in the main garage of the Quaker City Taxicab company. The victims were Percy H. Dean of Philadelphia, and George McLean of Haddonfield.

Several other employees of the company were injured, but none seriously. Chauffeurs of the company have been on strike several weeks and a number of acts of violence have taken place. About ten days ago bombs were found in the cars of the company. One of them was detonated, but no one was injured. Several cars have been stolen and wrecked.

As a result of these acts, inspectors were placed in the concern's garage to examine returning cars. Dean and McLean were going over a car which had just come in. Dean picked up a cylindrical object three inches in diameter and eight inches long. The driver, Richard Curran, shouted a warning and jumped back in time to escape injury himself as the explosion exploded.

The police have arrested 16 men who are held for examination.

Net of Lynching Affair Closing About Soldiers

By The Associated Press

TASPER, ALA., Jan. 17.—The grand jury began late today the hearing of testimony in connection with the lynching of William Baird, a miner, last Thursday.

The state, it is understood, presented before the grand jury, testimony of persons living along the highway which led to the scene of the lynching of Baird, and the facts of the killing of Baird by the Walker county mob.

The principal session to the grand jury will be held tomorrow when it is understood Judge Wilkinson will offer as evidence the written confession of Clyde Springer, a soldier and Negro, who was lynched last Saturday.

The relief administration announced the following contributions to the relief funds: Canada \$40,000 (Mexican), London, 22,500 pounds, Hong Kong, and Singapore, \$20,000 (Mexicans); each \$9,000 and Japan 200.

COURT OFFERS MEDICAL EXAMINATIONS TO MEMPHIS POLICE

By The Associated Press

DALLAS, Tex., Jan. 17.—Formation of an organization to be known as the Southwestern Conference of Legion Formed.

At the opening of the meeting, Mr. Gompers was asked by the Dominican delegates to answer a question whether a telegram protesting against the American occupation and demanding an immediate evacuation of the Dominican Republic had been sent to President Wilson concerning American occupation.
